Many Apostles Enter Into City's History—Coming Conference Recalls Former Meetings Here.

The near approach of the annual conference of the Methodist Episcopal church to be held in Maryville from October 6 to 12, recalls the history of that faith in this county and of those taking the leading part in its growth up to the present time. Maryville also it must be admitted, has been unusually fortunate at the hands of the Methodists, three annual conferences having been held here, while a fourth is on the way.

The Rev. Gilbert S. Cox, pastor of the First Methodist church here, and at which place the conference sessions will be held next month, has just finished a short sketch of his denomination's growth and history in Maryville and the county.

It might be stated that representatives of the Methodist Episcopal church were the first to bear aloft the banner of the Christian religion in this county. The first church was organized in Hughes township in 1840, while gospel preaching by Methodist "circuit riders" was begun in Maryville a short time later. From that time on the faith has been strengthened steadily until there now are twenty-six churches, representing a total membership of approximately 2,500, while the church property amounts to about \$110,000.

Were Stirring Times. After considerable delving into dusty files, Mr. Cox has this to say concerning the faith of which he is an exponent in Maryville:

"Methodism in Maryville has made a long and an interesting history. Before there were any churches or other institutions in the county, the 'circuit riders,'—the pioneers in religion and every other useful influence,—came from Iowa preaching, singing, marrying and burying.

"Even before Nodaway county was organized, Richard Miller, Jesse Allen and others came here blazing the way for the advance of Methodism.

"In 1847, before the reorganization of the Missouri conference, Anthony Clemens and his son, who became familiar figures in north Missouri. The next year, the conference appointed him and Reuben Aldridge as his assistant, the first pastors of the Methodist church in this district. The work included the whole north part of Missouri and was not only large in extent but difficult in undertaking. William Sellers while riding this circuit was tarred and feathered in Andrew county in 1854.

Build First Church 1866. "The first Methodist church in Maryville was built in 1866, the Rev. D. Hockett being pastor at the time. The structure cost \$11,000 and worship was maintained therein continually until the time of its abandonment in 1894, when the present structure was completed. The Rev. G. L. Haight was pastor when the present edifice was thrown open.

"Maryville was made a station in 1869 and C. H. Stocking was appointed the first pastor. Judge I. K. Alderman was instrumental in having the change made from a circuit to a station and entertained in his home indefinitely the first pastor, and always since has been an efficient member.

"The old church bell was cracked while it tolled the memorial service for President Garfield in 1881, after his assassination.

"The Maryville Methodist church has heretofore had the privilege three times of entertaining the Missouri annual conference. The first was held in 1878 with Bishop Bowman presiding, the second in 1890 with Bishop Joyce presiding, and the third in 1901 with Bishop Andrews presiding. This last conference was addressed by Dr. W. F. McDowell of the board of education, Dr. William F. Oldham of the board of foreign missions, Dr. Wilbur P. Thirkield of the Freedman's Aid society, and Lucy Rider Meyer, also of the Freedman's Aid.

These Were Church Pastors. "One of the curious phases is that all of the three first mentioned speakers have since become bishops of the faith and Dr. Thirkield, who now is

stationed at New Orleans, will return next month to address the conference here.

ANNUL TOWNSHIPS?

COUNTY PETITIONERS WOULD ABOLISH DISTRICT ORGANIZATION

PUT TO VOTE THIS FALL

County Court Will Be Asked to Submit Proposition to Voters November 3—Expect Opposition.

Township organization in Nodaway county may be abolished. At least an election to vote on the matter probably will be called by the county court at their meeting to be held on October 5, when petitions will be presented to them requesting such an election. The petitions now are being circulated in Grant, Hughes, Nodaway and Atchison townships, and already over 100 voters have signed the petition, this being the required number before the matter can be submitted.

The proposition would be voted on at the general election to be held Tuesday, November 3. There is a great deal of sentiment to abolish township organization, and some opposition naturally, especially by those now holding district offices or have hope sometime to do so.

Twenty Have Districts. Nodaway county is one of twenty counties of the state that have township organization. The other counties are Barton, Bates, Caldwell, Carroll, Cass, Charlton, Dade, Daviess, De Kalb, Gentry, Grundy, Harrison, Henry, Linn, Livingston, Mercer, Putnam, Sullivan and Vernon.

The proposition will be submitted to the voters for their ratification or rejection next November, there can be little doubt, for the required number of signatures have been obtained on the petitions. Under such conditions the county court could hardly refuse to submit the question. Efforts to find legal flaws or errors in the petitions may be made, if opposition is found to be very strong. However, this is not expected to deter the petitioners' efforts.

The ballots relating to the proposition would read, "For township organization" and "Against township organization." The one of the two a voter favors should be placed in the ballot box and the other returned to the election judge.

Affects 120 Offices. The township officers consist of one trustee, who also is treasurer; one collector, one clerk, who also is assessor, ex officio; one constable, two justices of the peace and two members of the township board. There may be additional justices appointed and deputy clerks and deputy constables, if a township has sufficient population. However, none of the fifteen townships in Maryville except Polk, have.

While the abolishment of townships will not, perhaps, cancel all such district officers, it will a great many. Of course, there would still be need of constables, or deputy sheriffs to take their places and justices of the peace. As there are fifteen townships in Nodaway county, it would mean the cancellation or transformation of 120 offices, though that number of new county jobs would not necessarily be made, nor all township offices canceled. It would mean, however, the creation of two new county offices, they being a county collector and a county assessor.

How Election Is Held. Section No. 11745 of the revised statutes of the state for 1899 and 1909, says:

"Township organization may be abolished at any general election held in this state, in any county having adopted township organization, upon the petition of one hundred voters of the county, praying the county court to resubmit the question of township organization to the voters at said election, it shall be the duty of the county court to submit the question again at said election; and if it shall appear, after the canvass of the votes that a majority of all votes cast at said election were against township organization, then such county shall be declared to be under the general laws of the state in relation to its local government, and to have rejected township organization, and the county court shall, at the first meeting thereafter, appoint such county officers as provided by law in counties not under township organization, and such officers, when so appointed, shall hold their offices and discharge the duties thereof in like manner as officers elected in counties."

Raise 19 Pigs. J. T. Van Ausdall of near Skidmore claims a near-record at least in hog breeding. He has two O. I. C. or Chester White sows which have raised 19 pigs, 17 of them selling this week for \$135. The pigs are slightly less than five months old.

It still is out of its last bank here though to a depth of about ten inches in places.

Burlington trains on the Creston branch are getting back to near schedule and traffic is going along more smoothly today. W. E. Goforth, local agent, said, that it has for two weeks. Repair work however, is still being done. The Platte and Nodaway rivers also are receding.

Vera Cruz Unable to Learn of Capital Conditions—Chiff Widens.

Vera Cruz, Sept. 25.—All lines of communication, including the railroads, between this city and Mexico City, have been severed and no news can be learned of conditions in the Mexican capital. Neither has there been any reason learned for cutting off communication or through what source such action resulted.

That Villa, who has renounced Carranza as Mexican head, is gathering together a large band of followers and is preparing to oppose any moves of Carranza's forces, is the advice received here. The revolt appears to become worse and pacification now seems impossible.

THE DEMOCRATIC TICKET.

The democracy of the state of Missouri, the fourth congressional district and Nodaway county, presents to the people the strongest ticket that it has offered in many elections. The entire ticket, from top to bottom is made up of clean, honorable and progressive men.

Senator Stone comes to the people

of Missouri with the stamp of approval of President Wilson. His many years of public life has been crowned with success. He has always been and now is upholding the principals of the democratic party. President Wilson says of him that he has done his full duty. This, if nothing more, should merit the support of not only the democrats, but all citizens who are interested and who stand behind the greatest man who has occupied the president's chair since Lincoln.

Of James T. Blair, the many endorsements given him in the primaries by members of the bar and by men who know him, should be considered by those who desire to see a clean and progressive young man occupying a place in our supreme court.

Howard A. Gass will be the next superintendent of public schools. The people of Missouri tried him for four years. All of his acts and deeds were for the upbuilding of the schools of our state. He is known in every county as a school man.

For congress, the democrats again present the man whom we all know. Hon. Charles F. Booher. He has been

In congress since 1906. No one would say of him but what he has been a man who has attended to the duties of his office. He writes to his friends here that in all probability he will be unable to meet in person the voters of his district. He says his duties in congress are so urgent and the conditions are such that likely he can not get away. He has stood for all the wants of President Wilson. There can be no reason why in the midst of the president's administration when there are so many things yet to be done, that we should change our congressman.

The democrats of Nodaway county place before its people Arthur S. Robby for representative. The people of this county have had an opportunity to watch Mayor Robby while in office. He was mayor of Maryville for four years, and that he kept his eye on the general welfare of the city and its people is admitted by all. Should he be sent to Jefferson City, he would give us a clean and progressive administration. He would carefully guard the interests of our Normal School and would stand for the things that our governor would advocate for the betterment of our people.

William Blackford of Atchison township is presented for judge at large of our county court. Mr. Blackford was judge of the north district for one term. He is a clean, progressive and business-like man. While judge of the county court he was always found square in his dealings, kind and courteous to all. No better man could be found in our county than William Blackford.

The same thing as to their ability and business-like manner can be said of Mat Farnan and John Campbell, who seek the places of associate judges.

William G. Sawyers seeks the office of prosecuting attorney and in him the democracy presents a lawyer of splendid ability and one who will guard the lives and property of our people. He is a graduate of the University of Missouri and was at one time assistant prosecuting attorney. He has had a vast field of experience both in criminal and civil practice. He has been one of the leading members of our bar for ten years. Nodaway county needs a man of this experience and in William G. Sawyers they will find one always ready and always willing to see that full justice is done those who are brought before our courts.

Now, for recorder, the democrats present that splendid citizen, the pride of Monroe township, Dan R. Baker. The office of recorder is one that needs such an one as he to perform its duties, always congenial and possessing those qualities which will give to this county a business-like administration.

Henry Westfall seeks the office of circuit clerk. Where could we find a better man, one who possesses more business-like qualities and would be more attentive to his duties than Henry Westfall. The people of Polk township weighed him in the balance and found him true to the die. Put Henry Westfall as circuit clerk and Nodaway county will find in him a most proficient officer.

Jesse F. Robertson of Burlington Junction seeks the office of probate judge. That there needs to be a lawyer in this office is beyond question and in Jesse F. Robertson we will find an energetic man with splendid legal attainments. Kind and courteous in all his dealings with men, and always ready to give counsel to those who have business in that office.

Last, but not least, among them the democrats offer for their county clerk, Fred J. Yeomans. Perhaps no one on the ticket is better known than Fred. He has been deputy for eight years. It is conceded by all that our county court will be a new one. Where could be found one as proficient to aid the new court in its work, than Fred? He has in mind every detail of the office. He has been in direct charge of the work done by the county court for all these eight years. Should we trade him off at this time when a man of his capabilities seeks to remain on the job?

After a careful scrutiny of this ticket we find it from top to bottom filled with the kind of men that should serve our people. The democrats are proud of them all. Their campaign will be clean and they will go into office with no strings tied to them, only ready and willing at all times to give their best service to the people of this county. Each is especially fitted for the office he seeks, and will no doubt receive the hearty approval of the people at the polls November 3.

Elects Officers.

Mrs. John Herron of West Third street was elected president and Mrs. Henry Wright, vice president, of the Ladies' Aid society of the First Methodist church at a meeting of the society held yesterday afternoon. The

society also made its final plans for the serving of lunch and dinner to the delegates at the state conference, which meets in October. The other members of the board of officers were chosen at a previous meeting.

Mrs. Eckert Entertains Club.

The M. M. M. club was entertained Wednesday afternoon by Mrs. Charles Eckert, at her home on North Main street. The most of the afternoon was taken up with business matters and the arranging of a program of study. The club will devote its time to the study of foreign countries and have a very interesting program made out. Those present were Mrs. Miles Nicholas, Mrs. W. T. Ramsey, Mrs. M. E. Farrar, Mrs. Oliver Garrett, Mrs. George Stafford, Mrs. Edward Egley and the hostess. The next meeting will be held Wednesday, October 7, at the home of Mrs. Ed Egley, when Germany will be discussed.

Mission Circle Year Book.

The tenth annual year book for the Mission Circle of the First Christian church has been issued and it lists some very superior programs for the forthcoming season. The membership roster includes about a hundred names and the executive board is composed of Mrs. Beal Roscherry, president; Mrs. John Richey, first vice; Mrs. Arch Frank, second vice; Mrs. Albert Swann, secretary; Mrs. Ellis Cook, treasurer; Miss Marie Reulhard, pianist, and Mrs. F. P. Robinson, musical director.

The meetings are held on the third Saturday of each month and the first of the new series will be in October with Mrs. C. T. Bell and the Misses Jennette and Julia Tate, hostesses. In November Mrs. Charles Eckert, Mrs. Lawrence Frazee and Mrs. Halbert Catterson will entertain the circle.

The December session will be in the nature of a Christmas program and Mrs. J. S. Shinabargar, Mrs. H. P. Swinehart and Mrs. B. M. Chandler will be the hostesses. Mrs. Arch Frank, Mrs. R. P. Hosmer and Mrs. Newton Hagins will preside during the entertainment hour for the first meeting of the new year. For February, Mrs. Byron Rhodes, Mrs. John Clary and Miss Myrtle McPherron will be the hostesses, and in March this duty falls on Mrs. John Richey, Mrs. Byron Frost and Miss Hazelrigg. The April meeting is held with Mrs. F. P. Robinson, Mrs. W. E. Goforth and Miss Lillie Gates as entertainers.

A study theme at each meeting during the year is the women of the Bible class and this topic is epitomized in the May meeting into "The Ideal Woman," and the subject will be given by Mrs. Lawrence Frazee. The hostesses will be the Misses Geneva Willey, Gertrude Wright and Gladys Yeaman. The June session closes the programs for the summer term and Miss Marie Brink, Miss Nellie Conrad and Miss Cecile Benight will preside. The annual picnic takes place in July and the time, place and program will be arranged later. August is vacation month and in September the closing

meeting of the book year is given when Miss Marie Reulhard, Miss Maud Hagins and Mrs. Carl Murray are the hostesses.

The circle was organized ten years ago by Mrs. Denton, the wife of the Rev. H. A. Denton, then pastor of the church. In love and remembrance for her work in the chronology of the book, she is given the affectionate title of "Our Circle Mother."

Rains Damage Crops.

Harmon Mothersher is of the opinion that the recent rains have done more damage to crops than the dry weather during the summer. The crops on the bottoms are not only hurt but the crops on the uplands as well, much of the corn that is down rotting on the ground. Harmon estimates that the upland corn is damaged at least a third by the wind and rain.—Hopkins Journal.

Fairs, the Farmer's Vocation.

The county and state fairs in the fall, when there is comparative leisure on the farm, afford the farmer not only an opportunity for getting away from home into new surroundings, and thus get a broader outlook, but they throw him into intimate association with fellow farmers living at a distance. It gives him at the same time an opportunity for studying the work of these farmers, the improved live stock, methods of feeding, the study of heredity and the effect of environment. All this gives variety and spice to life.

In the winter come the meetings of the agricultural and horticultural societies, the corn judging schools, the farmers' institutes and the various stockmen's meetings.

LOW FARES TO WEST.

They are given each fall and spring.

A rate of \$26.50 to points in Montana, Utah and closer Rocky Mountain points prevails from Maryville on both roads and \$30.50 from here to Pacific coast points in California, Oregon, Washington and southern British Columbia. The tickets are for second-class passage only.

FALL DANCES HERE

TERPSICHOEAN ART RECEIVES
NEW STYLES FOR SEASON.

FOX TROT IS IN LEAD

New Variation of One-Step and Waltz
Canter Step Into Limelight—
Polkas Return.

The fall dance styles have arrived. A host of new steps have returned with the dancing teachers from Europe and the east. It remains for the dancing public to decide which ones will be in vogue this winter.

Last season two dances, the one-step and the hesitation, survived. Now come a number of others, designed to succeed them, and backed by the teachers whose success depends upon their popularity. After Kansas City dancers learn what is being danced abroad and in New York they will adopt or reject according to taste, and thus determine what the Kansas City ballroom shall prefer. That's what happened last season.

In the opinion of a dancing expert who returned yesterday from a four months' trip to Paris, London and New York, the fox trot and the waltz canter are to be the logical successors to the one-step and the hesitation.

A Tear for the Tango.

"Of course, I do not mean that last season's favorites will be superseded entirely," she said, "but the popularity of the fox trot and the canter in the east indicates that they will supplant the others to a large extent. The half-and-half may come into vogue here also.

"There are a number of later dances being danced abroad, which will be taken up by the experts who want to be just a little ahead of the rest. Among these are the tango, of Chinese origin, the valencello, the Brazilian or tango polka, the furlana and a number of others. All these are possible for the ballroom, but it is too much to hope that they will come into general use at present."

Most of the teachers drop a figurative tear at the passing of the tango.

Polka Is Coming Back.

"We ruined it in this country," she said. "In Paris they do it wonderfully well, and as they use only four or five different steps everyone knows them. The maxixe, if it is not allowed to become too complicated, will be danced by a great many. It is a beautiful dance and not at all difficult to learn. "La Russe is a dance that is new in New York this season. It should take well here. The steps are easy to learn. It will be good news to some to hear that the old fashioned polka is coming back. Not in precisely the same form, perhaps, but modeled on the dance of many years ago.

"The Castles have taken up the polka and are teaching two or three varieties. By the way, they put out fall and winter styles now just as Polret, Paquin and Worth issue new designs in gowns. Their polka is one of the advance modes and others will be announced later.

Fox Trot a Favorite.

"It would never do to forget the lulu fado, which is one of the best of the new dances. If I were to choose those which will be most generally danced, I would put lulu with the fox trot, canter, polka and maxixe. The others will have as ardent but not as

The music for the fox trot, as Miss Thomes teaches it, is slightly faster than the one-step. There is more hopping than in the one-step, especially on the turns. A number of fancy steps use the trotting walk as the base.
